Equine Edition

January 2010

<p align="center"><b>Coggins Special 10% Off Coggins Testing this month!</b></p>	<p align="center"><b>Coggins Testing</b></p> <p>January is our coggins testing discount month. Schedule an appointment now! Testing can be done on the farm or you can haul in to save on the call charge. Coggins tests are discounted 10% in the month of January. The test is valid for 12 months from the date pulled. However Wisconsin only accepts coggins test that have been done in the same calendar year. Don't delay and avoid rushes this spring when we dig out of winter and start taking our horses places! It's also a great time to recheck thyroid levels, test your horse for cushings if necessary, or pull any senior bloodwork to check for underlying health concerns in our senior patients.</p> <p>NEWS FLASH: Our Equine Veterinarians have all recently attended continuing education seminars to further our knowledge with new technology and new therapies in equine health care. Dr. Hermann attended the focus on ophthalmology conference in October, and Dr's Ostrem, Ott, Selvig, and Terwey attended the America Association of Equine Practitioner's annual conference in December. We look forward to continuing our dedication to improving the health and welfare of our patients.</p> <p align="right">Heidi Terwev. DVM</p>
<p>Ever wonder about those letters after a person's name in Veterinary Medicine?  DVM = Doctor of Veterinary Medicine</p> <p>CVT = Certified Veterinary Technician  (2+ years completed training)</p>	
<p>Adequan will soon be available in a multi dose vial. Each vial will contain 10 doses and has a 2 year expiration date. The new packaging will allow for the most cost effective dosing.</p>
